Five Dinners Launch Plan

As part of the new Crisis Resilience Funding, Hertfordshire County Council and the local district and borough councils have partnered with the meal planning platform FiveDinners.com.

Five Dinners is an online meal planning service that provides personalised weekly meal plans alongside a single, automatically generated shopping list. The platform is designed to make home cooking easier, cheaper, and less stressful by helping people plan ahead, reduce food waste, and save time.

The service is normally subscription-based; however, it will be free for people living or working in Hertfordshire until 30 April 2027.

What Five Dinners offers

- Personalised weekly meal plans based on dietary preferences
- One consolidated shopping list for all meals, automatically adjusted to household size
- Easy, quick recipes created by professional chefs
- Options for a wide range of diets, including vegetarian, gluten-free, dairy-free, low-calorie, one-pot meals, and more
- Cost-saving benefits, with claims that families can save around £60 per month by reducing food waste

How it works

- Users enter their food preferences
- The platform generates a personalised weekly meal plan
- One consolidated shopping list is provided
- Meals are cooked using simple, family-friendly recipes

What makes it different
