

For the attention of the Planning Inspector

Dear Sir/Madam,

**Re: Appeal Reference 26/0012/REF | Application Reference 24/2073/OUT |
Inspectorate Reference 6004972
Land North of Little Green Lane, Croxley Green**

Please find enclosed three copies of the petition to Save Our Green Belt.

This petition started on Sunday, 23 August, and has acquired over 1,350 signatures (still growing) opposing the 600-dwelling development. People are continuing to sign the petition online, and the numbers enclosed should be understood as a minimum, not a final total. The petition can be found at <https://c.org/c2MCJwHjGj>

This petition demonstrates the strength of feeling among residents and locals against this development. It would destroy the countryside that Croxley Green is known and loved for, tearing through ancient woodland, displacing the wildlife that depends on it, and placing an unsustainable burden on roads never built to carry traffic of this scale. Residents believe that this development would permanently disfigure the Croxley Green they call home.

We want our voices to be heard.

Yours faithfully,

Asmita Kapadia

On behalf of all those that signed this petition

SAVE OUR GREEN BELT

A PETITION TO PROTECT THE LAND NORTH OF LITTLE GREEN LANE, CROXLEY GREEN

Up to 600 properties on 40 hectares of Green Belt land would cause irreversible harm to our community, wildlife and countryside.

LET'S PROTECT WHAT MAKES CROXLEY GREEN SPECIAL.

PROTECT
OUR GREEN BELT
FOR FUTURE
GENERATIONS

**PROTECT
OUR GREEN BELT**
Preserve irreplaceable
Green Belt land.

**PROTECT
WILDLIFE**
Safeguard habitats
and biodiversity.

**PROTECT
OUR COMMUNITY**
Keep our village
green and thriving.

**PROTECT OUR
HERITAGE & FUTURE**
For generations
to come.

SIGN THE PETITION
*Your voice can
make a difference.*

OUR GREEN BELT. OUR HOME. OUR FUTURE.

SAVE OUR GREEN BELT

A Petition to Protect the Land North of Little Green Lane, Croxley Green

Addressed to: The Planning Inspector, Planning Inspectorate Appeal Inquiry

Application reference: 24/2073/OUT |

Appeal Reference: 26/0012/REF |

Inspectorate Reference: 6004972

Venue: Penn Chamber, Three Rivers House, Rickmansworth

Inquiry commencing: 10am, 27 August 2026 (four days)

We, the undersigned residents of Croxley Green, write with deep concern about the outline planning application to build up to 600 dwellings on 40 hectares of greenfield agricultural land north of Little Green Lane, and the Appeal Inquiry now being brought before the Planning Inspector.

This land is not merely open space. It is Metropolitan Green Belt that has always separated Croxley Green from the surrounding countryside, a home to protected wildlife, and a place that generations of residents have walked, cycled and cherished. Once built on, it is gone forever. This petition has currently over 1,350 signatures and still growing. It can be viewed via <https://c.org/c2MCJwHiGi>

Our Concerns

Loss of protected green belt land

This site was relabelled grey belt during the application process, which made it harder for

the district council to defend as green belt in the ordinary sense. A change in label does not change what this land is. It remains open countryside on the edge of our village, and the council's own Stage 2 Green Belt Review found its release would have a significant impact on preventing urban sprawl and encroachment.

1. Loss of wildlife and natural habitat

The site adjoins Whippendell Wood, a Site of Special Scientific Interest, and borders the Ancient Woodlands of Dell Wood and Long Newlands Spring, both also designated Local Wildlife Sites. Green Lane Wood, an area of ancient woodland, sits within the site itself. Objectors, including ecological consultees, raised concerns that mitigation for the dormice, badgers, bats, muntjac, foxes and protected bird species such as skylarks, swifts and red kites on the land has not been sufficiently addressed. A Tree Preservation Order protects ten individual trees and a wooded group on the site, yet development of this scale still threatens the wider habitat around them.

2. Traffic and road safety

To make this development work, a 20mph zone is proposed across Little Green Lane, Canterbury Way, Dover Way and Links Way, with raised junction tables and on carriageway cycling measures. New vehicular accesses are proposed onto Durrants Drive and Links Way, both residential roads never designed to carry this volume of traffic. The scale of the highway works and financial contributions being negotiated, running into millions of pounds, is itself an admission of how far this development would strain our roads.

3. Impact on heritage and local character

The site sits directly opposite Durrants House, a Grade II listed building, and close to Cassiobury Park, a Grade II registered park. The council's own Conservation Officer has confirmed the development would cause lasting harm to the setting of both. Six hundred new homes, some up to four storeys high, would permanently change the character of a village that residents chose to live in and love.

4. Strain on local services

Croxley Green primary schools were already full at Reception level before this application was submitted, and the development would add an estimated 1,440 new patients to local health services. Objections to the application were submitted by the Croxley Green Residents Association, CPRE, and the governing bodies of local primary schools including Little Green Junior School. Of 741 responses received by the council, 708 were objections, and only 33 were in support.

Our Request

We ask the Planning Inspector to uphold the green belt status of this land, to refuse this appeal, and to protect Croxley Green for the residents, the wildlife and the future generations who depend on it. We ask that full weight be given to the overwhelming voice of the community that will live with the consequences of this decision every single day. We will be attending the Inquiry to make our voices heard, and we ask that this petition be formally entered into the record of proceedings.

Petition signer comments:

Libby Blake

I've lived local my entire life from growing up exploring the area and enjoying the beautiful views that it offers us. It is valued and building on this land would be a massive irreversible mistake not only to the surrounding locals but also to the wildlife that call it home. It can and will disrupt ecosystems. Development may be presented as progress but progress should not be destroying something irreplaceable. This is about protecting somewhere that's been a part of our lives and gives us a place to see nature while benefitting our mental and physical wellbeing as well as it helping the wildlife's habitat!

Joanna Baldwin

A large chunk of green land has recently been built on which has already created an increase to traffic, a loss to wildlife and a change to the area. This number of new houses along with the proposed school, health centre and supported living complex is completely unacceptable in this area as it is creating a new town in itself. It will completely change the "village" of Croxley and significantly increase the traffic in the surrounding residential roads, as well as being detrimental to wildlife. This sort of development should happen further from existing towns and villages.

Charlie Browne

The People should be in command of their council; not beggars at their gate. This is not democracy!

Andrew Malcolm

Leave the land alone

Michalina Paszkowska

I often walk around these fields and see how much they mean to our community. They are a beautiful green space for walking, wildlife and nature, and they should be protected for future generations. Please help save our Green Belt. 🌿

Janice Cannon

Durrants drive is not suitable to have a housing estate at the top. Also it is green belt which needs to be protected.

Abiella Garcia Macro

I live next to these fields and I'm sure they help my wellbeing. It just brings so much nature and fresh air into my lifestyle and I can't believe people want to ruin that for everyone nearby. More than that however is the wildlife that live there. So often I see deer and foxes that live here, and yearlong construction is absolutely going to hurt them. We've already taken so much from nature - we can't take any more!

Asmita Kapadia

I set up this petition because Croxley Green is where I live, and this land borders it directly. The fields and woodland north of Little Green Lane would be lost under 600 dwellings, along with the wildlife that depends on them and the roads that were never built to carry this scale of traffic. This isn't just about one development. It's about whether green belt land is genuinely protected once it comes under this kind of pressure. Please sign and share and let your voice be heard.

jackie sharp

65 years in Croxley green. More houses more cars MORE CLIMATE CHANGE

Rebecca Burke

Why are the voices of the locals not ever listened to - where are all the cars going to go ?

Jason Smith

How on earth is this "grey belt"? The land is still in production growing crops. This proposed development is ludicrous by it's very size and placement and will blight the lives of existing residents and change the character of Croxley Green forever.

Joanne Teefy

We cannot claim to care about food security and supporting British farmers while simultaneously allowing productive agricultural land to disappear under concrete. Yes, we need homes — but building on greenfield land should be the last resort, not the easy option. Once this land is gone, it is gone forever. Local people and councils should also have a meaningful say in what happens to their communities, rather than developers simply appealing upwards until national housing targets override local objections. Food security, green space and local democracy matter too. Please protect this land.

Vicky Taylor

This development will fundamentally change the whole area. The fact that the TRDC has quietly withdrawn its objections to classifying this green belt as grey belt is outrageous. What changed their minds?

Steve Renow

Completely agree with the content of the petition. No consideration can have been given to the real impact of dropping 600 dwellings in what should be greenbelt in an area where resources and road access are already overstretched. Please stop this project. Thank you.
